

Mahmood Sahebi

Dear Armis-Tech Company

25-May -2023

Dear sir/madam

I am interested in applying for the vacancy in your organization as **web developer**. I feel qualified for the vacancy based on my experience and education.

I want to employ all my expertise and experience in delivering best service to your institution and through it to the community.

To further acquaint you with the specifics of my background I am enclosing my resume. I hope you will consider me for this position. I have completed computer science in NIMA (National Institute of Management & Administration) Kabul, working as junior technical Engineer about 1.5 year at Mikrogate ICT, and in addition, I have completed various courses related to web programming which would be an extra asset for your organization.

I have taught English and computer programs in different courses at Herat and Kabul and I had private classes and invested in them, taught English and computer about 4 year and assisted many poor families & students with course fees.

I have mentioned my junior **Mr. Ramazan Ali Hasanzadah** as **NOC Engineer II** at Mikrogate ICT as reference at end of my resume.

If you are interested in meeting with me. I am available for interview.

I look forward hearing from you.

Sincerely yours
Mahmood Sahebi
